In economics, the money supply (or money stock) is the total value of monetary assets available in an economy at a specific time. There are several ways to define "money", but standard measures usually include currency in circulation and demand deposits (depositors' easily accessed assets on the books of financial institutions).

The libertarian idea of society without a state appeals to many people, but, however enticing the idea, it is often dismissed as utopian. How could an anarchist society defend itself against large, centralized states? Defense, it has been alleged, cannot be adequately supplied by the free market. It
